

2026/27 Compliance Changes Checklist

A running checklist of the facilities-relevant regulatory changes landing across England over the next 18 months, compiled by AB Facilities Consultants. Use it as a starting point to check where your site stands.

Martyn's Law (Terrorism (Protection of Premises) Act 2025)

Who it affects: Schools, academies, community centres, sports clubs and venues expecting 200+ people at once.

Key date: Full duties apply from 3 April 2027.

■ **Action:** Document invacuation/lockdown/evacuation procedures, identify your responsible person, and train relevant staff.

School Allergy Safety Duties ("Benedict's Law")

Who it affects: All schools.

Key date: In effect from September 2026.

■ **Action:** Published allergy policy, named senior lead, staff-wide anaphylaxis training, spare adrenaline pens on site, Individual Healthcare Plans.

Awaab's Law Phase 2

Who it affects: Housing associations, local authorities and registered social housing providers.

Key date: 30 November 2026.

■ **Action:** Fixed response deadlines extend beyond damp/mould to excess cold/heat, falls, structural collapse, fire, electrical hazards and hygiene.

Crime and Policing Act 2026 — safeguarding changes

Who it affects: Schools and nurseries.

Key date: From 1 September 2026 (2026/27 academic year).

■ **Action:** Supervision exemption removed from the definition of regulated activity — review visitor and volunteer access arrangements.

Building Safety Levy

Who it affects: Developers of 10+ dwellings or 30+ student bedspaces.

Key date: Comes into force 1 October 2026.

■ **Action:** Factor levy liability into new-build and major redevelopment project costings.

Building Safety Act 2022 / Building Safety Regulator oversight

Who it affects: Higher-risk buildings, with BSR oversight extending to wider estates.

Key date: BSR became a standalone body from 27 January 2026.

■ **Action:** Review Golden Thread digital record-keeping and fire door documentation.

Construction Products Reform — General Safety Requirement

Who it affects: Manufacturers, specifiers and Responsible Persons for safety-critical products (fire doors named as a priority).

Key date: Regulations expected by end of 2026; implementation by late 2027.

■ **Action:** Track GSR developments if you specify or approve safety-critical construction products.

BS 8214:2026 — fire door code of practice

Who it affects: Building owners and Responsible Persons maintaining any fire door type.

Key date: BS 8214:2016 withdrawn 20 March 2026.

■ **Action:** Review fire door verification evidence against the new evidence-based standard.

Approved Document B — fire safety amendments

Who it affects: Owners/managing agents of residential blocks with a storey 18m+.

Key date: Amendments take effect 30 September 2026.

■ **Action:** Review fire risk assessments and evacuation plans against updated staircase and evacuation-lift guidance.

Digital Waste Tracking

Who it affects: Permitted/licensed waste site operators first; all organisations with a waste contractor follow.

Key date: Mandatory from 1 October 2026 (Phase 1).

■ **Action:** Confirm your waste contractor is ready to record movements electronically.

The Hillsborough Law (Public Office (Accountability) Bill)

Who it affects: Local authorities, academy trusts and other public bodies.

Key date: Passed the Commons July 2026; before the Lords, not yet in force.

■ **Action:** Watch for Royal Assent — prepare for a statutory duty of candour to inquiries and inquests.

Fire Safety (Residential Evacuation Plans) Regulations 2025

Who it affects: Owners/managing agents of high-rise and certain other residential buildings.

Key date: In force from 6 April 2026.

■ **Action:** Ensure person-centred fire risk assessments and tailored evacuation arrangements are in place.

This checklist is general guidance, not legal advice, and reflects our understanding of the regulatory position as of September 2026. For a definitive view on your specific site, consult the relevant statutory guidance or a qualified adviser.
